The walk-in access service enables visitors to [view a range of electronic resources](#) (e.g. e-journals, e-books and databases), whose licence agreements allow use by visitors to the Library. We regret that the Library cannot allow access to the full portfolio of online resources due to the terms of the licence agreements of some publishers. Access to these electronic resources is available via the dedicated catalogue terminals located throughout the Library. You do not need to log on. Under the terms of the publishers' licences, visitors can only view online resources while physically in the Library. It is not possible to print or save material. See the [Guide to accessing research information for free](#), which includes links to websites that may help you locate journal articles and other information within Education and Science from home.

- Request access at least 48 hours in advance from the User Services / Campus Librarian at either campus. This must be done via [library@falmouth.ac.uk](mailto:library@falmouth.ac.uk) and by attaching a completed ['Guest IT and Walk-in User Agreement'](#)
- Request the purchase of print credits in advance (up to £5.00). No refunds are possible.
- Print only one copy of any article, and only one article per journal issue.

**You must not**

- Pass details of your guest account to any other person.
- Pass a printed copy of an article to any other person.
- Download or share an electronic copy of any information obtained.

A full list of resources is available on the [Falmouth resources pages](#). **Please note streaming resources are not available under this agreement.**
